Start Time: - 5 pm

End Time: - 6:20 pm

Project In-charge/Chairperson: Rtr. Vijayshree Jangade

No. Of People Benefitted From The Project: 40

Description of Project in Detail –

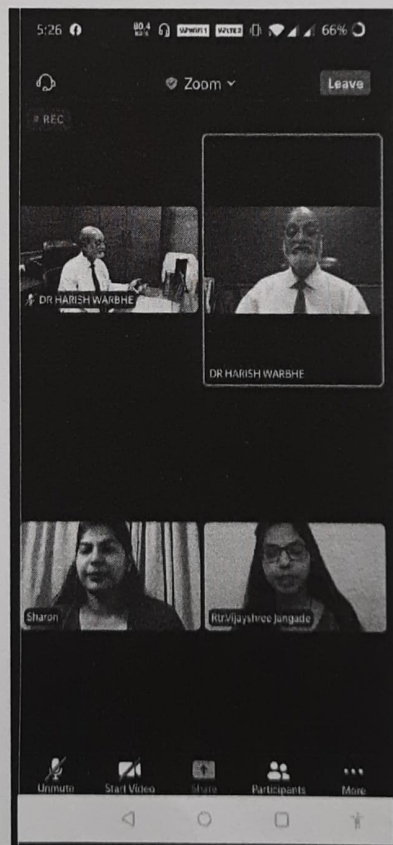

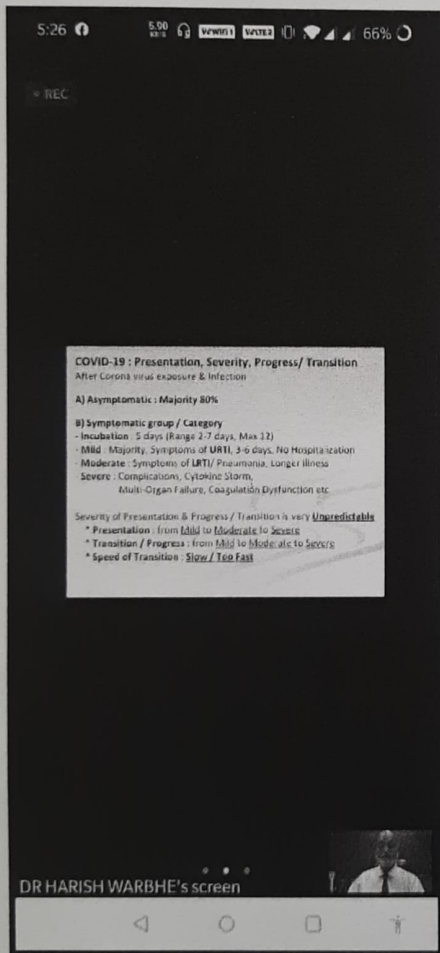

The whole world is suffering from COVID-19 Pandemic. Lakhs of people have died due to this, the cause for this is there is no vaccine yet. So what we can do till then is Plasma donation. It is all about saving lives of people by the Plasma of Recovered person. But in our society there are still myths and fear about this. So we called upon Dr. Harish Warbhe Sir to clear our myths and doubts regarding plasma donation. Where he told about indications, contraindications, volume of plasma to be donated, at what particular time we can donate etc.

And at the end we also had question answer round where all doubts were cleared by the sir.

A team of 10 Rotaractors helped in this event including 40 people who benefitted from session.
