I, Neha Deshpande have done my master's in CVRS from VSPM's in 2019. I gained immense amount of knowledge regarding my course & guidance from this institute during my Ph course for which I am very grateful. I worked in cardiac as well as oncology set up ~~from~~ after my course completion. I feel the need for inclusion of Oncology & onco rehab in the course of Ph as well as to some extent in UG syllabus. It can be in the form of Internship's or seminars or workshops as well. I have come here today for my transcript and it was a very smooth process due to immense guidance of admin staff and others. I am very thankful to have been associated with this institute.
